CBSE – 10th	2017	Jayshree Periwal High School	87.4%

PROFESSIONAL EXPERIENCE

Financial Analyst	Shri Shyam Travels	Aug 2024 – May 2026
- Modelled contract pricing that supported turnover growth from ₹7.5 Cr. to ₹11.5 Cr. (53%) and ₹1 Cr. in annual profit for the firm. - Structured the 47-vehicle HPCL-HRRL bid at 7.5% above the client estimate through vehicle-level financial modelling in Excel. - Priced the 20-vehicle IOCL Kanpur contract 9.5% above the client rate by benchmarking rental rates and financing costs. - Devised a hybrid execution model combining owned fleet with subcontracted partners, improving scalability and utilisation. - Advised senior management on pricing strategy, commercial negotiation and fleet expansion through structured analysis. - Benchmarked competitor pricing, rental rates and financing costs across government and PSU tenders to position each bid. - Protected margins by setting profitability thresholds that screened out 15 low-price tenders before the bid submission stage. - Sharpened bid assumptions by tracking macroeconomic and interest-rate trends against capex, taxation and working capital.		
Founder	Kesari Amritsari Kulcha	Oct 2023 – May 2024
- Exited at 2x on ₹4.5 lakh capital by scaling a quick-service restaurant to 2 branches on sustained revenue and margin growth. - Scaled monthly revenue from ₹1.75 lakh to ₹2.85 lakh (~63%) in 4 months through pricing revisions and influencer campaigns. - Reached a 10% net margin within 2-3 months, serving 100 daily orders and peaking at 250 orders (₹25,000) in a single day. - Instituted SOPs, workforce training and contingency processes across a 5-member operations team to steady execution. - Cut packaging cost ~70% (₹8 to ₹2-3 per order) by renegotiating with 4 vendors and running tighter inventory planning cycles. - Held ~30% repeat customers by standardising recipes, service delivery and in-store experience across a 5-member team.		

INTERNSHIPS

Full Stack Developer Intern	Indian Oil Corporation Limited (IOCL)	Sep 2023 – Oct 2023
- Developed a web-based business application for a Fortune Global 500 PSU, improving workflow efficiency for daily operations. - Collaborated with technical mentors and cross-functional stakeholders to translate business needs into working modules.		
Business Development Intern	Flavors of Paris	Jul 2023 – Aug 2023
- Drove ~25% growth in online customer engagement through SEO, website optimisation and digital outreach with the founder. - Streamlined invoicing, documentation and administrative workflows, contributing an estimated 20% gain in daily efficiency.		

LIVE/ACADEMIC PROJECTS

CRED COUNSEL – MENTORSHIP PLATFORM PRODUCT STRATEGY, KOED LEARNING	Aug 2026
- Identified verified seniority as the only defensible moat against Topmate and ADPList for 3M senior and 6M early-career users. - Scored an 11-feature backlog on RICE under a 4-person, two-quarter constraint, cutting the mentor directory and in-app chat. - Defended one explicit RICE override where the framework under-weighted the binding supply-side constraint on the product. - Designed a 2-week, zero-engineering concierge test with pre-set kill thresholds of 3% opt-in and 70% session show-up rate.	
FINANCIAL MARKET ANALYSIS WITH A HYBRID CNN-RNN MODEL	Jan 2023 – May 2025
Analysed 3 global markets (S&P 500, NASDAQ-100 and EUR/USD) through quantitative modelling and predictive analytics.	

POSITIONS OF RESPONSIBILITY

Campus Ambassador (Remote)	Absolute Internship	Oct 2023 – Jun 2024
- Earned \$100 per enrolment through a unique tracked referral code, converting campus conversations into paid sign-ups. - Generated leads by engaging prospective participants and raising programme awareness across university student networks.
